January 2020

To our neighbors in Bound Brook-

On or about 1-30-2020 NJ American Water will begin a water main replacement project on Longwood Dr and Bryant Ct . Vollers Construction will be performing this work for NJAW. This project will replace the aging 6" Cast Iron water main with new 8" Ductile Iron, and is being done to improve water service reliability as well as increase water volume for firefighting purposes. New fire hydrants will be installed, as well as new 1" service lines for each home from the street to the curb valve.

The project will progress in the following stages:

- 1) Installation of new 8" Ductile Iron pipe (approx.. 2 weeks)
- 2) Flushing/water quality sampling (approx. 1 week)
- 3) Installation of new 1" service lines for homes (approx.. 2 weeks)
- 4) Disconnecting and capping old water main (approx. 2 days)

Aside from any unforeseen situations (i.e. damaging a water line that was not known to exist, the old pipe leaking, etc) water service will NOT be interrupted during the project with the exception of :

- 1) Connecting the individual new service line into customers line at the curb (approx. 2 hours)

More information will be given to residents prior to this phase of the project taking place.

Traffic control will be coordinated through Vollers Construction and Bound Brook Police. Working hours will be Mon-Fri, 7am-4pm. Resident access in/out will be maintained as much as possible with the help of Bound Brook PD. Full access to/parking on the street will remain in place afterhours and on weekends. Trenches will be base paved at the end of each work day. Any required ground/sidewalk restorations will be completed at the conclusion of the project. Final paving of the street will take in Spring. NJAW & Vollers will make every effort to make things as

convenient as possible for everyone while the job is progressing. If you have any questions, special requests or special accommodations needed, please do not hesitate to reach out to me.

Again, NJAW thanks you for your patience and understanding as we work to improve your water service on Longwood Ave and Bryant Ct..

Sincerely,

NJ American Water
