The total number of referrals received for the month of May 2024 was 47, with 35 referrals coming directly from BBPD and 12 from community sources. The breakdown of referral categories is as follows:

1. Domestic violence: 14
2. Housing/food: 06
3. Mental health: 05
4. Substance use: 09
5. Youth: 10
6. Aging: 03

All referrals were diligently contacted at least twice. Additionally, 28 out of the 47 referrals were successfully contacted and connected to the appropriate resources or services based on their immediate needs. This month's highlights include connecting two Bound Brook residents with Ride Wise organization and their Bike Connect Program to provide a bike to ensure reliable transportation for the residents within the community.

Additionally, I Attended The 2024 New Jersey Prevention Network Annual Conference that brought together national and state experts addressing the latest research and strategies related to the addiction field. This conference allowed for networking opportunities, exposure to the latest research, skills development through workshops, and an opportunity to engage with experts in the field to better serve the residents of Bound Brook.
