

PROJECT MEDICINE DROP BOUND BROOK POLICE DEPARTMENT

“Project Medicine Drop” Box is a program to help communities dispose of unused and or expired prescription medications and help prevent drug abuse. Bound Brook Police Department is taking action in the fight against the nationwide epidemic of opiate and heroin abuse, which is fueled by the abuse of prescription medication.

“Project Medicine Drop” is an important component of the New Jersey Attorney General's efforts to stop the diversion and abuse of prescription drugs, including highly addictive opiate painkillers. We will continue to battle this epidemic to save lives, bring families back together, and make our community a safer place.
