

Notice to residents of:  
**Thompson Avenue & Grove Avenue**  
**Borough of Bound Brook**

**Re: Bound Brook 2018 Road Program**

Date: October 22, 2019

Please be advised that Black Rock Enterprises, LLC was contracted by the Borough of Bound Brook for the project “2018 Road Program”. As part of this project you can expect to see the following improvements on **Thompson Avenue** from Verona Place to West High Street and **Grove Avenue** from Tea Street to Highland Place:

1. Storm Sewer System Improvements
2. New Granite Block Curb, Sidewalk & Driveway Aprons
3. New Asphalt Pavement

This letter serves as notice to make you aware of the upcoming construction undertakings. We emphasize caution and safety around all active construction sites. Additionally, please be mindful of the surrounding construction equipment as well as the irregular and unusual site conditions. During this time, we ask that you do ***not park your vehicle on the street between approximately the hours of 7:00am and 5:00pm, Monday through Friday.***

This work is scheduled to begin on or about **Wednesday November 6th, 2019**, weather permitting.

At certain times during construction lane reductions or road closures may be required. As stormwater infrastructure, curbing, sidewalk & driveway aprons are being constructed in front of your house, **access to your driveway will not be available**. Sections of the roadway may also be closed during the removal of existing pavement & installation of new pavement. Residents are requested to park their cars at alternate locations during these times. A minimum of 2 days should be provided after concrete is poured before resuming public access. We will provide separate notice prior to specific driveway closures.

We will be abiding by the New Jersey One Call procedures for our work, but we also ask that you mark out any underground sprinklers or any other infrastructure you have on your property along the sidewalk. We will not be responsible to repair or replace any infrastructure if not marked out ahead of time.

While we at Black Rock Enterprises are committed to customer satisfaction, please direct all questions regarding the project to the Borough of Bound Brook Superintendent of Public Works, Dale Leubner, at 908-334-7696. Thank you in advance for your cooperation.

Thank You,  
Black Rock Enterprises, LLC
