March 13, 2020

To the Bound Brook Recreation Community,

Bound Brook Recreation has been monitoring the spread of the COVID-19 virus and following the guidelines provided by the Centers for Disease Control and Prevention (CDC), state and local authorities, and our school district. It is currently the recommendation of our public health officials that social distancing is the most effective strategy to prevent the spread of COVID-19. As a result, effective March 13, 2020, ALL recreational activities will be suspended for a period of 30 days. This includes, but is not limited, to all practices, competitions and facility rentals. We will continue to monitor the situation, and will restore programming as soon as it is deemed safe to do so. We will keep you informed as these decisions are made. Please continue to monitor your email for updates and changes. Thank you for your cooperation as we navigate this situation together.
